

REMARKS

This Application has been carefully reviewed in light of the Advisory Action issued February 4, 2011. Claims 1, 5-9, 11, 14-16, 19, and 20 are pending in this application. In order to advance prosecution of this Application, Claim 16 has been amended and Claims 21-24 have been added. Applicant respectfully requests reconsideration and favorable action in this Application.

The drawings stand objected to under 37 C.F.R. §1.83(a) as not showing every feature of the invention specified in the claims. Attached herewith is a Replacement Sheet showing changes made to FIGURE 14 addressing matters raised by the Examiner. Applicant's specification discloses a midsole that is also a feature of Claims 8, 9, and 20. FIGURE 14 has been amended to include a midsole 829 as requested by the Examiner. Applicant's specification discloses the thickness, shape, and exact location for a midsole at page 22, lines 7-12, and page 29, lines 11-13. Therefore, Applicant respectfully submits that the drawings are in compliance with 37 C.F.R. §1.83(a).

The drawings stand objected to for being inconsistent with Applicant's specification. Applicant's specification discloses a point 824 is approximately halfway across a length of shoe 810 that is also a feature of Independent Claims 1, 11, and 16. FIGURE 14 has been amended to show that point 824 is substantially halfway across a length of the shoe as requested by the Examiner. Applicant's specification discloses the location of point 824 at page 29, lines 16-20. Therefore, Applicant respectfully submits that the drawings are in compliance with 37 C.F.R. §1.83(a).

The Examiner continues to state that the changes to the drawings are new matter being added to the Application. As has been pointed out throughout the examination of this

Application, no new matter has been added to the drawings as the specification clearly provides support for the corrections to the drawings specifically requested by the Examiner. Attached herewith is a Petition to Review Examiner's Holding of New Matter.

Applicant notes with appreciation the allowance of Claims 1, 5-9, 11, 14-16, 19, and 20. With the submission of the replacement drawing sheet, Applicant respectfully submits that the Application is now in condition for allowance.

CONCLUSION

Applicant has now made an earnest attempt to place this case in condition for allowance. For the foregoing reasons, and for other reasons clearly apparent, Applicant respectfully requests full allowance of all pending claims.
